Erasmus + programme in PYA & more...

We recognized the missing element in our organization's activities and great potential.

- Our first application – time of the first peak of the COVID-19 pandemic, straight as a leader of the small project, based on outcome of internal PYA's tool.
- The second and third application (for the bigger grant) based on wish to extend small project (VolunSailing – All Hands on Deck) or based on our new direction, needs and fields not covered by the Ministry of Sport and Tourism yet (DigiSail).
- Sailing clubs start their own programmes too as a project partners and leaders: Horn Cracow Sailing Club and Sport Club AZS AWFIS Gdansk, are the most active ones in Poland.

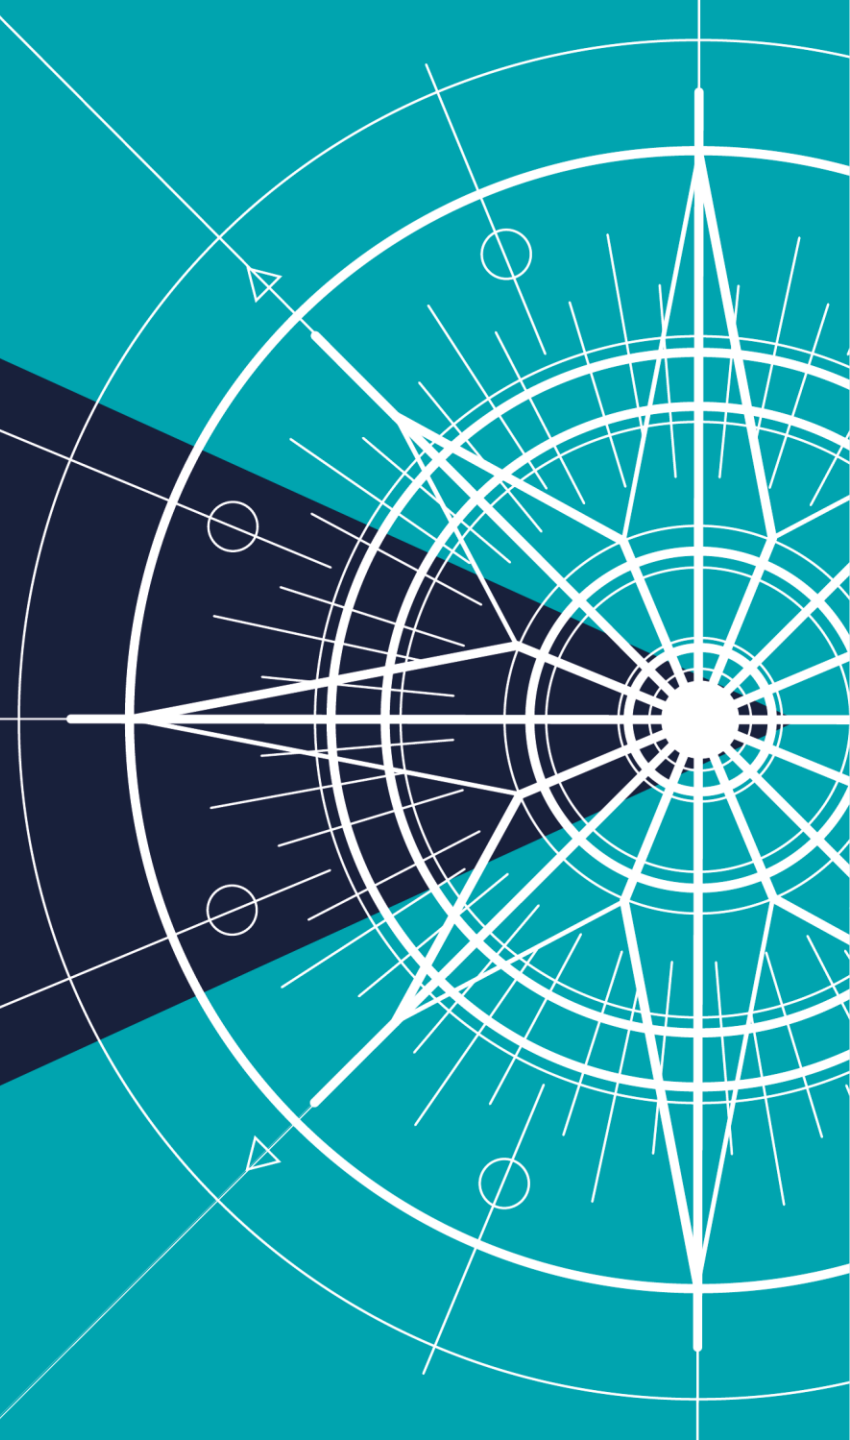

PYA & POLISH SAILING CUBS TOOK AN OPPORTUNITY.
